Thanks to the many sponsors that sent samples in order to conduct this years Holiday Entertaining wish list items. If you entertain as much as we do over the holidays, having some items that make it easier are key. Here are a few items that will make holiday entertaining easy. Many of them make great hostess gifts as well so keep them on hand.

OVERNIGHT GUESTS:

Overnight guests feel right at home with a good pair of towels. Be sure to have plenty of guest only towels around so you know you have a clean set. **Micro Cotton**, the makers of the softest, most absorbent towels on the market, has a variety of towel lines in an array of colors. Rich teals, muted mauves and pear tones – are all hues that will bring warmth to an otherwise stark space. MicroCotton’s towels not only come in many different shades, but are made with a patented spinning process to ensure the softest, most absorbent towels on the market. Below I have included images of the towels currently available at retailers. **Hotel Collection Bath Towels MicroCotton® Collection**, \$31 at Macy’s /
