What's to love: A towel fit for a spa -- super soft and plush.

What does it do: These 100 percent cotton towels are made from ring-spun micro cotton fibers. The twisting and thinning of the fibers make soft but strong strands, for a soft, durable and super-absorbent towel. They come in a variety of colors, with either tone-on-tone embroidery or white with contrasting embroidery. Bath sheet size sells for \$48 and wash cloths list for \$15 each.
