Best Purchases

I received my Liz Claiborne® MicroCotton® Bath Towels fast and WOW! I usually buy the Home brand from JCPenny, but wanted a different color and style and I was amazed at the quality. I ordered the Dune color and is perfect for my Beach Theme bathroom and they came out perfect after washing, no shrinking or coloring problems. These are very high quality towels and would recommend.

Love the colors. On line does not do them justice.

I was shopping in the store for some new towels and had others selected until I saw these towels. They are a large and plush as the other brands that JCP carries, but I really loved the brown and light pink colors and how they complemented each other. The brown has a slight pink tone and the pink is so subtle but bright. I love having something just a little different. The micro cotton has just a little different feel than the other cotton towels such as the Egyptian cottons. As with blankets, the micro cotton feels warmer to the touch, rather than the cool feeling of cotton. I would think they would be very absorbent but I have not used them yet. I bought them on sale. So the price was very good. A little more than the other brands, but I thought they were worth it.

Very nice towels at a great sale price

Nice thick towels. Absorb well. I bought the light green color which is great. I also bought these on sale which is even better.

This product is perfect.

The towels come in perfect colors to accent any bathroom. They are plush and soft and work well for anyone. They look great when you set them out for guests. Even after a few washings the color stays bright, which is valuable to me.

Elegant Towel

I was looking for a very soft towel and found the Liz Claiborne towel. I love it. I have not washed it yet so I am not sure what it will be like afterwards but at this point, it is what I was looking for.
