The Best Towels EVER

I know I grew up with cheap towels the first time I felt the luxury of these towels. We registered for the on our Macy's Wedding registry and have been using them for over a year and a half now. They've not lost one iota of softness through repeated uses and washings nor have the colors faded (I got the dark chocolate brown). I've not had any trouble with pilling or raveling at all. I would recommend them to anyone not only for their rich color and classic styling, but also for high quality and durability.

✓ Yes, I recommend this product.

The quality is superb and the first time I washed and dried them the lint basket wasn't full of lint as was the case with much cheaper ringspun towels I had purchased last summer. They are SO thick and soft, you'll love them.

✓ Yes, I recommend this product.
