### Plush Towels

Patricia from Azalea, OR - [Verified Buyer](#)

The quality of these towels is excellent. I followed the advice of a reviewer and washed them in water and vinegar as soon as they arrived. I think I used about 3 cups of white vinegar for a large load and put them through a regular wash cycle and then tumble dried them on low. Since then I have just followed the washing directions. They are plush and comfy and I love them.

### Great towels

Sebastiana from Nashville, TN - [Verified Buyer](#)

I had purchased two hand towels and two bath towels in different colors. I liked them so much I bought this set for my newly remodeled bathroom. They are soft. They don't shed tons of lint in the dryer. They hold their color after repeated washing.

I've never had such a nice towel and I'm glad I bought these. Very absorbent and soft to the touch. Seems to dry faster than other towels. Pros: Feels great on the skin.

These are lovely, good quality towels at a good price. We use them a lot. I can't tell yet how they will wear but am optimistic.

### Super Soft

Rebecca from Columbia, SC – [Verified Buyer](#)

These towels are very pricey, but seem to be worth it. They are dense and VERY soft. Colors are beautiful—we purchased the mocha latte.

### I love these towels

Pamela from Dayton, OH – [Verified Buyer](#)

I love these towels. I have had them at my home in Florida for several years and the they have stayed soft and have showed no wear with many, many washings. Even the washcloths stay new looking and for some reason they do not seem to acquire a mildew smell. I bought another set for my home in Ohio and am pleased as well. Very good price.
